Check our simple reservation form at: <https://www.andesadventures.com/RunningReservation.aspx>

*A running event in Machu Picchu National Park should never have more than 40 to 45 runners. There has to be RESPECT for the Inca Trail and we can not spoil the experience of the other world travellers that have have come to experience the Inca Trail. That is the reason we offer 2 events a year.

We no longer offer rafting on the Urubamba River in Cusco, because pollution of the river has increased and the water quality is not suitable for rafting on any section of the river (We have 20 years experience in Peru).
